Leadership development program

IAUP is offering a new service to all members. The leadership development program will take place for the first time in July 2019 in Denmark.

An excellent opportunity for new presidents to discuss strategic topics with experienced presidents and specialists of various fields.

IAUP thanks president Fernando Leon Garcia for this extraordinary initiative.

For further details please get in contact with leadershipprogram@iaup.org

IAUP search tool to booster research cooperations between IAUP member universities

We offer a small tool that gives you the chance to find potential partners worldwide within our IAUP family. If you are looking for a partner in a special field of research just enter the name of the topic area and you will get a list of potential partners all over the world, additional detailed information included. The tool is based on a valuable information via internet. So I encourage all our members who are interested to be found via this tool to provide qualified information on their own websites.

Search tool: search.iaup.org (use firefox and without www)

How to use this tool please see the short video (available until Dec. 19, 2018):

Board Decisions

IAUP wants to inform its members about current board decisions:

IAUP membership duration proposal

A resolution proposal was introduced to abolish the 1-year membership, thereby leaving the 3-year membership as the only choice to retain the membership after each Triennial. This initiative is intended to provide greater stability and continuity to IAUP Membership. Membership is considered to start each fiscal year (1 July-30 June). The proposal was approved by the Board, starting July 2019 (FY2019-2020).

2 memberships within 1 university: 1 vote per institution

The situation regarding multiple memberships within a single university was explained, and two different proposals to resolve the situation were introduced. The board voted for confirming one single vote per member institution. This proposal confirms what is already policy at IAUP. That

means two memberships per institution are possible but in case of formal decision e.g. general assemble just one single vote per member institution

RETROSPECTIVE

IAUP semi-annual meeting Mendoza/Argentina

The event was held in Mendoza gathering representatives of universities from 10 different countries. During three days we had the chance to discuss many different matters concerning IAUP, the design of university policies, internationalization as well as the future of education.

The meeting was an extraordinary networking opportunity for UNCUYO, our wonderful host university, to explore new cooperation opportunities between our universities. IAUP and UNCUYO hope to continue working together in the future.
